

Stephanie Murray

Nominator: Shawn Wylie

My brother has a mental disability and my wife is a hygienist. We live far from my brother and so even though my wife has told my brother, Curtis, numerous times oral care advice (drink less pop, brush teeth, floss....) he has never listened. But three years ago, something changed after a visit to the dental hygienist. Suddenly, after seeing Stephanie, Curtis cut back his pop consumption by about 75% and even reduced his smoking! His teeth are no easy task to clean and getting new ideas through to him is really challenging. But I am so grateful that Stephanie took the time to explain pop and smoking to Curtis in a way where he has finally started to improve his habits! Thanks!! With her help there is hope that he may be able to keep his teeth for another decade or so!
