

Term

The directors of CDHA shall serve in their elected capacity for the term of three (3) years. No individual representative may serve on the Board of Directors of the CDHA for more than two (2) consecutive terms, with the exception of those serving as officers of the CDHA. This role would commence October 2019.

Role & Responsibilities

The CDHA Board serves as the governing body of the Association and fulfills specific roles and responsibilities set out in CDHA By-laws and governance policies. The Board uses the Policy Governance® model. Orientation sessions are provided to introduce new Board Directors to the governance model and their role.

Board Directors have no individual authority. Collectively, they are responsible for:

- Acting as the informed voice and agent of the members of the profession through meaningful ownership dialogue.
- Policy-Making and Leadership: affirming the CDHA Mission, ensuring a dynamic planning process that translates the CDHA Mission into specific Ends (desired results) with emphasis on the future.
- Accountability: assuring governance and operational performance of the association.
- Representation: acting as stewards of the profession, carrying the Owner's trust.

Commitment for this volunteer position

The Directors are required to attend all Board meetings, inclusive of all Board workshops and educational presentations. These are normally held over two days in February in Ottawa and over 4 days in October at various locations throughout Canada. Attendance is also required at the CDHA's professional conference or other such national events held throughout the country. A Summer meeting is held by teleconference and other teleconferences are held when necessary. There is an obligation to have read the materials and come prepared for the meetings. Time commitment varies throughout the term depending on reading materials, subcommittee work and other Board-related responsibilities. A rough estimate of time commitment outside of board meetings would be an average of two-four hours per month.

All meetings are held in English.
