NEW! HYDRIM 112W G4⁺ INSTRUMENT WASHER

The new HYDRIM 112W automated instrument washer is engineered to streamline instrument reprocessing with its advanced touchscreen interface and expanded capacity. By minimizing physical contact with contaminated instruments, it helps reduce the risk of sharps injuries, promoting a safer environment for your team.

This innovative system is designed to optimize workflow efficiency and support your bottom line, making instrument reprocessing easier and quicker than ever before.

EXTRA CARE FOR SENSITIVE TEETH

Introducing the new Philips Sonicare 6300 that's tough on biofilm and gentle on gingiva, so even patients with sensitivity can switch to power brushing. It removes 20x more biofilm than a manual toothbrush* and includes a visual pressure sensor that helps patients adapt their brushing technique for gentle and effective brushing. Next-Generation Sonicare Technology delivers an even clean throughout the whole mouth by ensuring there's no drop in performance even in harder-to-reach areas. Discover the next generation of Sonicare with Philips Sonicare 6300.

* In Clean mode, with A3 brush head.
