

Important Tips for Completing UIN and CDHA-ACHDnet™ Forms

Instructions for UIN and CDHA-ACHDnet™ Forms:

See steps 1 to 6 under the tab “Set-up EDI Billing” in [Claim Form & Billing Set-Up](#).

- **For Paper Claims Submission:**

- You require a Unique Identification Number (UIN) for paper claim submission. All providers are assigned a UIN to identify you with insurance companies.
- Another dental hygienist **can not** use your UIN.

Note: Your UIN application must include proof of active registration/licence to practice with your provincial regulatory body. Acceptable proof includes a copy or screenshot of a registration/licence to practice or Registry that shows your legal name, registration number, active status, and current date.

- **ADDITIONALLY: For Electronic Claim Submission:**

- Along with your UIN, you will need recognized practice management **software** (certified [CCDWS](#) or [Instream](#)) and apply for a new CDHAnet office number or be added to an existing CDHA-ACHDnet™ office number to submit claims electronically (see Image below).

CDHA-ACHDnet™ Electronic Billing Enrolment Form Instructions:

- **NEW BUSINESS:** Leave the CDHA-ACHDnet™ Office No. **blank** to be assigned a new CDHA-ACHDnet™ number.
- **EXISTING DENTAL HYGIENE CLINIC:** Employees/Independent Contractors (see [Employment Status](#)) of an existing dental hygiene office must note the office’s CDHA-ACHDnet™ number on the application form.
